

Exchange Rules "Straubinger Vogelmarkt"

The stock exchange order was issued by the association Kleintierfreunde Straubing e.V. It enters into force on 01.03.2018.

Upon entering the hall, the stock exchange regulations are recognized.

The bird market basically serves the offer of animals for sale or exchange by private persons. Commercial breeders and traders must be in possession of a permit in accordance with § 11 (1) sentence 1 no. 7 TierSchG and show this at the request of the competent authority. All providers must know the conditions imposed by the competent authority as far as they concern the providers of relevant animal welfare regulations and the stock exchange regulations and commit themselves before the beginning of trading on their compliance.

- 1.) Every supplier of animals must be registered. It must complete and sign the Form 1 and / or Appendix 2 entry form before entering the market, and the registration number must be clearly visible on a sales container.
- 2.) The instructions of the organizer, the supervisor commissioned by the organizer and the officials present (veterinarians, environmental and nature protection office, police, etc.) must be obeyed. They are authorized to give instructions to sellers, buyers and visitors.
- 3.) The organizer is not liable for damage to property and personal injury.
- 4.) In the sales hall as well as in the entire public building is absolutely no smoking.
- 5.) Protected u. Notifiable bird species must be ringed closed and a German proof of origin must be carried.
 - a) The sale may only take place in the Vogelbörse.
 - b) Sick, injured and mutually incompatible birds are excluded from the market, unless they have already been rejected at the entrance, they will be quarantined.
 - c) the cages must be clean and provided with sufficient food and water.
 - d) The offering of birds is only permitted on the sales shelves and tables provided for this purpose. A separate construction on the walls is prohibited.
 - e) The storage or sale in transport crates / cages below these shelves / tables is prohibited.
 - f) Knocking or shaking containers with animals is contrary to animal welfare and should therefore be avoided.
- 6.) Each seller must attach the following information legibly to the cages:
 - a) Name and / or association number of the seller
 - b) Name of the bird species (German or Latin)
- 7.) The cage must be at least as wide and deep in the base area as 1.5 times the body length of the bird, so that it can move freely in it. Furthermore, 1/3 of the perches must remain free, closed on three sides and have two opposite perches. In bottom birds, e.g. Quails or similar At least half of the floor space must be free. Recommended are the exhibition cages of the large associations.
- 8.) Please note that animals from third countries that are transported intra-Community require so-called TRACES certificates. The species protection regulations (so-called A-species and B-species) must be observed. For example, the Federal Nature Conservation Act, the Federal Species Protection Ordinance, the EC Species Protection Ordinance, and the EC Species Protection Implementation Ordinance. Certificates from foreign providers are only recognized if they are officially translated documents translated into German.
